

BeeCon 2016

Alfresco & Machine Learning: The perfect combination :-)

Cristina Martín Ruiz
CCO @ Venezia IT

What is Alfresco ?

BeeCon 2016

BeeCon 2016

What is “Machine Learning”?

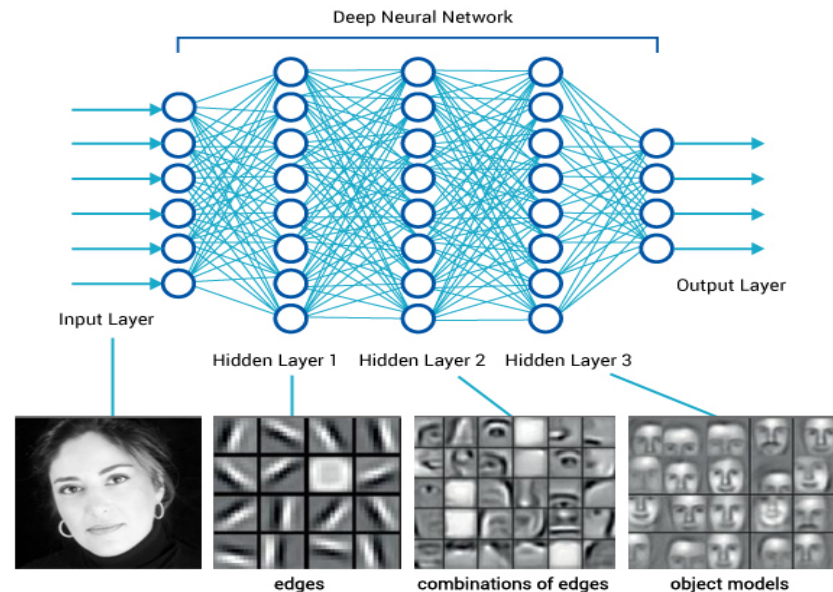

“Ability to learn without being explicitly programmed”

Deep Learning

The new big trend:
One step closer to
real AI with ML:

- ***Wide***
- ***Powerful***
- ***Fast***

Have fun!

BeeCon 2016

How is working?

BeeCon 2016

Alfresco AMP module :

- Image and Video classification custom action and/or behaviour.

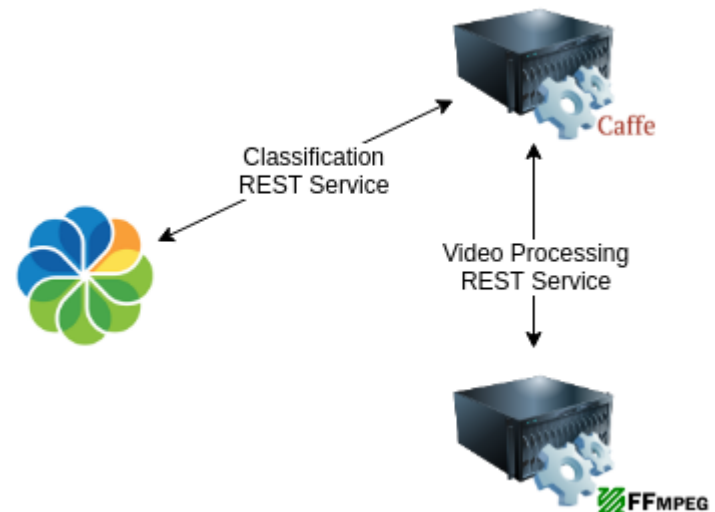

Venzia ML Server :

- Model based for predict & training.
- On top of Caffe framework.

Venzia Video Processing

FFServer :

- On top of FFmpeg.
